主旨: A big thank you to you, Peter and Simon

Gd day Peter and Simon!

Peter, I refer to the emails below which Simon has forwarded to you before. On behalf of UH, let me say 'Thank you VERY much' again to you for your awesome sharings on the last 2 Saturdays. I'm sure all of us have learned tremendously from the discussions led by you. I now begin to understand why you appreciated Martin Luther's role in raising our awareness of the point on Justification, which is one of the most important, if not the most important, doctrines in our Christian beliefs. After discussing among the core members, we at UH would like to take the next step further in consolidating (or clarifying if necessary) the Catholic position on Justification and would like to have a discussion on the "Joint Declaration on Justification issued by Catholics and Lutherans" in 1999. If you are free, we would like to invite you to join in that particular gathering. (It goes without saying that you are most welcome to join in other UH gatherings as well.)

Simon, thank you very much for recording and even burning a CD on Peter's talks for us. We at UH would like to learn more about your prayer group, Jesus-followers, and the core members would like to arrange a time to participate in your gatherings. Pls kindly let us (only to the above UH members) know when it is appropriate for us to do so. Thank you.

In Him
Roman
